Forecast for Sunday 01 May 2022

Weather: Outbreaks of rain and drizzle overnight and early morning with extensive low cloud and mist. This will soon fizzle out during the morning with skies brightening and cloud bases lifting. Bright, perhaps sunny spells during the afternoon and early evening with the chance of a shower. Low cloud and mist could become extensive in the evening, most likely across Assynt and north to Ben Hope.

Chance of cloud-free hill tops above 800m: Nil to 20% overnight and early morning, becoming 80% by mid-afternoon, becoming 40% through the evening.

Low cloud and visibility: Poor or very poor in drizzle, mist and low cloud. Becoming mostly good or very good during the afternoon. Extensive cloud, base 300 to 600m overnight and during the early morning, this lifting near or above the summits in the afternoon, then low level mist and fog possible later in the evening.
